

Business Segments & Major Products (March 31, 2006)

Diamond Vision

Programmable Logic Controllers

Energy and Electric Systems

- Turbine generators •Hydraulic turbine generators •Nuclear power plant equipment •Motors •Transformers •Power electronics equipment •Circuit breakers •Gas insulated switches •Switch control devices •Surveillance system control and security systems •Electrical equipment for locomotives and rolling stock •Elevators •Escalators •Particle beam treatment systems •Others

Industrial Automation Systems

- Programmable logic controllers •Inverters •Servomotors •Human-machine interface •Motors •Hoists •Magnetic switches •No-fuse circuit breakers •Short-circuit breakers •Transformers for electricity distribution •Time and power meters •Uninterruptible power supply •Industrial sewing machines •Computerized numerical controllers •Electrical-discharge machines •Laser processing machines •Industrial robots •Clutches •Car audio equipment •Car navigation systems •Automotive electrical equipment •Car electronics •Others

Mobile Handsets

DIP-IPM Ultra-Small Package Version 4 Series

* Screens display simulated images.

Digital AV Products

Information and Communication Systems

- Wireless communications equipment •Mobile handsets •Cable communications systems •Satellite communications equipment •Artificial satellites •Radar equipment •Antennas •Missile systems •Fire control systems •Broadcasting equipment •Data transmission devices •Information systems equipment •Systems integration •Others

Electronic Devices

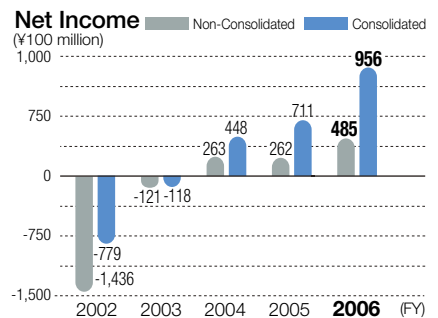

- Power modules •High-frequency devices •Optical devices •LCD devices •Printed circuit boards •System LSIs •Others

Home Appliances

- Color televisions •Projection TVs •Display monitors •Video projectors •VCRs •DVDs •Room air conditioners •Package air conditioners •Refrigerators •Electric fans •Washing machines •Ventilators •Solar power generation systems •Hot water supply systems •Fluorescent lamps •Indoor lighting •Clean-air heaters •Compressors •Chillers •Humidifiers •Dehumidifiers •Air purifiers •Air-conditioning systems •Showcases •Cleaners •Microwave ovens •Others

Company Profile (March 31, 2006)

Name Mitsubishi Electric Corporation
Head Office Tokyo Building, 2-7-3 Marunouchi, Chiyoda-ku, Tokyo 100-8310, Japan
Established January 15, 1921
Paid-in Capital ¥175.8 billion
President Setsuhiro Shimomura

Net Sales by Business Segment (Consolidated)

Sales by Region (Consolidated)

Number of Employees

Affiliated Companies by Region [Consolidated subsidiaries and equity-method affiliates] (March 31, 2006)
