[Title] Change in the packaging box of MELSEC-Q series products (manufactured on and after September 2011)

[Date of Issue] August 2011

[Relevant Models] MELSEC-Q series

Thank you for your continued support of Mitsubishi programmable controllers, MELSEC series.

The packaging box of MELSEC-Q series products will be changed.

The strength of the packaging box and functions and performance of the relevant modules will not be changed in this implementation.

1. Relevant models and the packaging box size

2. Reason for the change

As part of resource saving activities (ISO 14001), packaging boxes will be downsized.

3. Schedule

This change will be applied to products manufactured on and after September 2011.

Depending on stock status, both the old and new packaging boxes may be in the market.
