[Title] Change in the packaging box of MELSEC-Q series products (manufactured on and after July 2012)

[Date of Issue] May 2012

[Relevant Models] MELSEC-Q series

Thank you for your continued support of Mitsubishi programmable controllers, MELSEC-Q series.

The packaging box of MELSEC-Q series products will be changed.

The strength of the packaging box and functions and performance of the relevant modules will not be changed in this implementation.

1. Relevant model and the packaging box size

| Module name | Model | Packaging box size | |
|--------------------|-------|---------------------------------|--------------------------------|
| | | Before implementation | After implementation |
| Blank cover module | QG60 | 112 (H) × 101 (W) × 38 (D) [mm] | 111 (H) × 97 (W) × 36 (D) [mm] |

2. Reason for the change

As part of resource saving activities (ISO 14001), packaging boxes will be downsized.

3. Schedule

This change will be applied to products manufactured on and after July 2012.

Depending on stock status, both the old and new packaging boxes may be in the market.
