

MELFA Technical News

April 2018

Subject: Display CE mark in machine cable(power cable)

Applicable to: A/SD/SQ/F/FR series

Thank you for your continued support of Mitsubishi industrial robot MELFA series.
This technical news will describes change about machine cable(power cable).

1. Target model

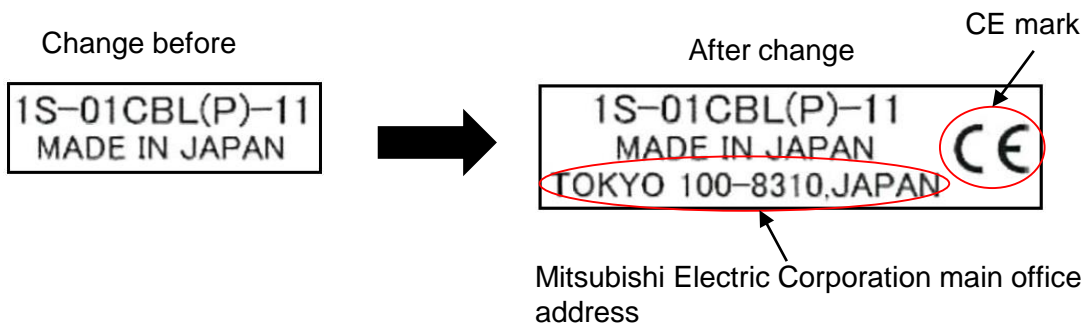

- Machine cable(power cable) of A/SD/SQ/F/FR series
- ※For the type name of target machine cable(power cable), see the next page

2. Content of change

Display CE mark and Mitsubishi Electric Corporation main office address on the model name label of machine cable(power cable).

There are no performance of the product and influence on the function with this change.

Example: "1S-1CBL(P)-11" display example

3. Reason for change

Since it is necessary to display the CE mark and Mitsubishi Electric Corporation main office address when shipping machine cable(power cable) separately to Europe

4. Schedule

This change will be made sequentially from April 2018.

※There may be cases when both new and old products exist in the distribution stage.
