

Production Discontinuation of the MELSEC-A Series Power Supply Modules (on December 2025)

■Date of Issue

January 2022

■Relevant Models

A61PN and A61RP

Thank you for your continued support of Mitsubishi Electric programmable controllers, MELSEC-A series.
We will inform you that production of the following MELSEC-A series power supply modules will be discontinued.

1 MODELS TO BE DISCONTINUED

Product	Model
Power supply module	A61PN
Redundant power supply module	A61RP

2 SCHEDULE

Transition to made-to-order: March 31, 2022

Order acceptance: Until November 28, 2025

Production discontinuation: December 31, 2025

3 REASON FOR DISCONTINUATION

It is expected that it will be difficult to obtain the parts used in the products.

4 REPAIR SUPPORT

Repair support period: Until December 31, 2032 (for seven years after the discontinuation of production)

5 RECOMMENDABLE PROPOSALS

We recommend the following solutions for the production discontinuation of the above models.

- Purchase another or more models as a spare before the order acceptance date described in Chapter 2.
- The MELSEC-A series have already been discontinued and the repair acceptance period has expired. Please consider replacing the MELSEC-A series with the MELSEC iQ-R series.

 Transition from MELSEC-A/QnA (Large Type) Series to MELSEC iQ-R Series Handbook (L08666ENG)
