

Production Discontinuation of the MELSEC-L Series Power Supply Module

■Date of Issue

July 2023

■Relevant Models

L63SP

Thank you for your continued support of Mitsubishi Electric programmable controllers, MELSEC-L series. This technical bulletin informs you that production of the following MELSEC-L series power supply module will be discontinued.

We appreciate your kind understanding.

1 MODEL TO BE DISCONTINUED

Product	Model
Power supply module (slim type)	L63SP

2 SCHEDULE

Transition to make-to-order: February 29, 2024

Order acceptance: Until March 29, 2024

Production discontinuation: April 30, 2024

3 REASON FOR DISCONTINUATION

The demand for the product is tremendously decreasing. It is expected that it will be difficult to obtain parts used in the product.

4 REPAIR SUPPORT

Repair support period: Until April 30, 2031 (for seven years after the discontinuation of production)

5 ALTERNATIVE MODEL

Model to be discontinued		Alternative model	
Product	Model	Product	Model
Power supply module (slim type)	L63SP	Power supply module	L63P

Point 

The external dimensions differ between the model to be discontinued and the alternative model.

Model to be discontinued (L63SP): Height: 90mm, Width: 29mm, Depth: 95mm

Alternative model (L63P): Height: 90mm, Width: 45mm, Depth: 95mm

6 RECOMMENDABLE PROPOSALS

Please purchase another or more target models as a spare by the order acceptance deadline described in Page 1 SCHEDULE or consider replacing your model with the alternative model.
